I. **CALL TO ORDER**

II. **WILCOXSON SAFE ROUTES TO SCHOOL GRANT PROJECT** — The Public Works Committee met on April 18, 2016 and referred the following to Council with favorable recommendation:

Bids have been received on this project. The low bidder is Dalling Construction at \$384,027.00. Since this is a state funded project, full time inspection is required utilizing all the state protocol. It was the intent during the past year to have BL companies perform this work, which was estimated at 45,000 plus 10,000 for testing.

This project is partially funded by a State Safe Routes to School construction grant (\$367,044) and part by the town (\$157,500) for a total of \$524,544. Based on the bids and engineering services, the budget is sufficient without a contingency and if contingency were needed, it can be supplement with existing funding sources.

RESOLVED: THAT the award of this construction contract to Dalling Construction of Stratford, CT in the amount of \$384,027 be and is hereby approved and authorize the amendment to BL companies for inspection services in the amount of \$55,000.
