DATE: May 15, 2018
RE: HSA Contribution Limits

In March we sent you notification that the IRS announced on March 5, 2018 that the maximum contribution amount into a Family HSA changed from \$6,900 to \$6,850. Recently the IRS issued a revenue ruling stating that the IRS will let taxpayers stick with the original amount of \$6,900. If you plan on contributing the maximum amount into your HSA, the maximum amount you can contribute is \$6,900. The maximum amount also includes the amount that the Town contributes on your behalf.

If you do not participate in the Town of Stratford HSA HDHP Health Plan you can disregard this notice.

Please contact Human Resources at (203) 385-4007 if you have any questions.

Thank you!
